

Probe into core-collapse SuperNovae via Gravitational-Wave and neutrino signals (SNeGWv2021)

Thursday, December 2, 2021

Neutrino oscillation and beyond (chair: Akira Harada) (1:30 PM - 3:15 PM)

time	[id] title	presenter
1:30PM	[14] Monte Carlo neutrino transport with collective oscillations & scatterings	Dr KATO, Chinami
2:05PM	[15] Development of collective fast neutrino flavor conversion	Mr ZAIZEN, Masamichi
2:40PM	[16] Axion-like Particles from Core-collapse Supernovae	Dr MORI, Kanji
