

Reimei workshop on Hadron interactions with strangeness and charm

Thursday, 27 June 2024

Session 2 (10:30 - 12:00)

time	[id] title	presenter
10:30	[4] Recent Lattice QCD results of hadron interactions from the HAL QCD method	DOI, Takumi
11:00	[5] The phi meson in nuclear matter - spectral modification, polarization and mixing	GUBLER, Philipp
11:30	[6] Analysis of spectral modification in nuclei using PHSD transport approach	ICHIKAWA, Masaya
