

13th International Workshop on Neutrino Beams and Instrumentation (NBI2024)

Monday, 7 October 2024

Beam instrumentation: session1 (14:50 - 15:40)

-Conveners: Ken SAKASHITA

| time | [id] title | presenter |
|-------|--|----------------|
| 14:50 | [16] Proton beam monitor development in J-PARC | FRIEND, Megan |
| 15:15 | [17] Optical Transition Radiation monitor for J-PARC neutrino beamline | CORMIER, Felix |

Beam instrumentation: session2 (16:10 - 17:25)

-Conveners: Tetsuro SEKIGUCHI

| time | [id] title | presenter |
|-------|--|----------------------|
| 16:10 | [18] Measuring the proton beam and beamline component alignment with the T2K muon monitor | HEITKAMP, Ian |
| 16:35 | [19] LBNF beam instrumentation | PAVLOVIC, Zarko |
| 17:00 | [20] [remote] Update on CERN studies, development, and exploitation of beam instrumentation for high-power beams | CAMILLERI, Ryan Paul |
