Wi-Fi connection

Both eduroam and special wireless network for guest (called Guest Net) are available. The Guest Net requires an easy procedure registering your information, and need to accept AUP to connect. If you have some problems on the eduroam, please switch to the Guest Net and try it again.

Any other questions, please consult with the conference reception desk located in front of the Kobayashi Hall.

Wireless network for guests

We recommend eduroam. For people don't have ID for eduroam, guest network is available.
