

Evolution of the inhomogeneous universe: From Inflation to structure formation

Friday, 8 November 2024

Parallel Session-Inflation and EU - Seminar Hall (11:00 - 12:30)

-Conveners: Pankaj Saha

time	[id] title	presenter
11:00	[17] Implication of nonlinear-supersymmetric general relativity	SHIMA, Kazunari
11:20	[18] Non-linear treatment of cosmological perturbations	ARTIGAS, Danilo
11:40	[19] Stochastic inflation and entropy bound in de Sitter spacetime	TAJIMA, Hiromasa
12:00	[20] Primordial Black Hole Formation from Power Spectrum with Finite-width	WANG, Jianing
