

International Workshop on Accelerator Alignment 2026

Friday, 9 October 2026

Instrumentation III - Middle Hall 200 (09:40 - 11:20)

-Conveners: Helene Mainaud Durand

time	[id] title	presenter
09:40	[70] Installation and Alignment of the Linear Injector for Hefei Advanced Light Facility (HALF) and Deformation Monitoring	WANG, Wei
10:05	[71] Evaluation and Deployment of a Robotic Tracing Workflow for HL-LHC Beamline and Services at CERN	FUCHS, Jean-Frédéric
10:30	[72] Evaluation of Orientation To Gravity (OTG) procedure of AT500 Leica laser tracker and comparative assessment with AT403 Leica laser tracker	NIEWIEM, Witold
10:55	[73] Validation of the Ecartometry Measurement by Automatic Photogrammetric Survey (EMAPS) prototype	MERGELKUHL, Dirk
