

8th International Conference on Quarks and Nuclear Physics (QNP2018)

Friday 16 November 2018

16C1 Hadron Interaction and Nuclear Structure - Room 404 (13:30-15:20)

time	[id] title	presenter
13:30	[131] Constraining hadron-hadron interactions with femtoscopy in ALICE	MANTOVANI SARTI, Valentina
14:00	[132] Status of Λn interaction study via the final state interaction effect in $\gamma d \rightarrow K+\Lambda n$ production	KANETA, Masashi
14:20	[133] Σp Scattering Experiment at J-PARC and the Analysis Status	NAKADA, Yoshiyuki
14:40	[134] Hyperon forces from QCD and their applications	INOUE, Takashi
15:00	[135] Relativistic chiral nucleon-nucleon interactions up to next-to-leading order	REN, Xiu-Lei
