

# 8th International Conference on Quarks and Nuclear Physics (QNP2018)

## Friday, 16 November 2018

16A1 Parton Structure - Room 402 (13:30 - 15:20)

time	[id] title	presenter
13:30	[112] Recent results from the STAR spin program	BARISH, Kenneth
13:50	[113] Experimental challenge of PHENIX in disentangling proton spin puzzle	NAKAGAWA, Itaru
14:10	[114] SPD - the spin physics project with polarized proton and deuteron beams at the NICA collider	GUSKOV, Alexey
14:30	[115] Transition magnetic moments of $J^P=(3/2)^+$ decuplet to $(1/2)^+$ octet baryons	DAHIYA, Harleen
14:50	[116] Initial results from the RHICf experiment	ITOW, Yoshitaka
