

KEK Theory Meeting on Particle Physics Phenomenology

(KEK-PH2026winter)

Tuesday, 17 February 2026

parallel session B: Flavor - meeting room (16:40 - 17:40)

time	[id] title	presenter
16:40	[33] Possible scenarios for baryogenesis in the presence of a lepton number violating operator in the rare meson decays	MURA, Yushi
17:00	[34] Rare meson decay constraints on dark photon and the like	SETO, Osamu
17:20	[35] Radiative Corrections to $D_s \rightarrow \ell \ell \nu$ and CKM Unitarity Test	SASAKI, Kota
