

Closing Remarks

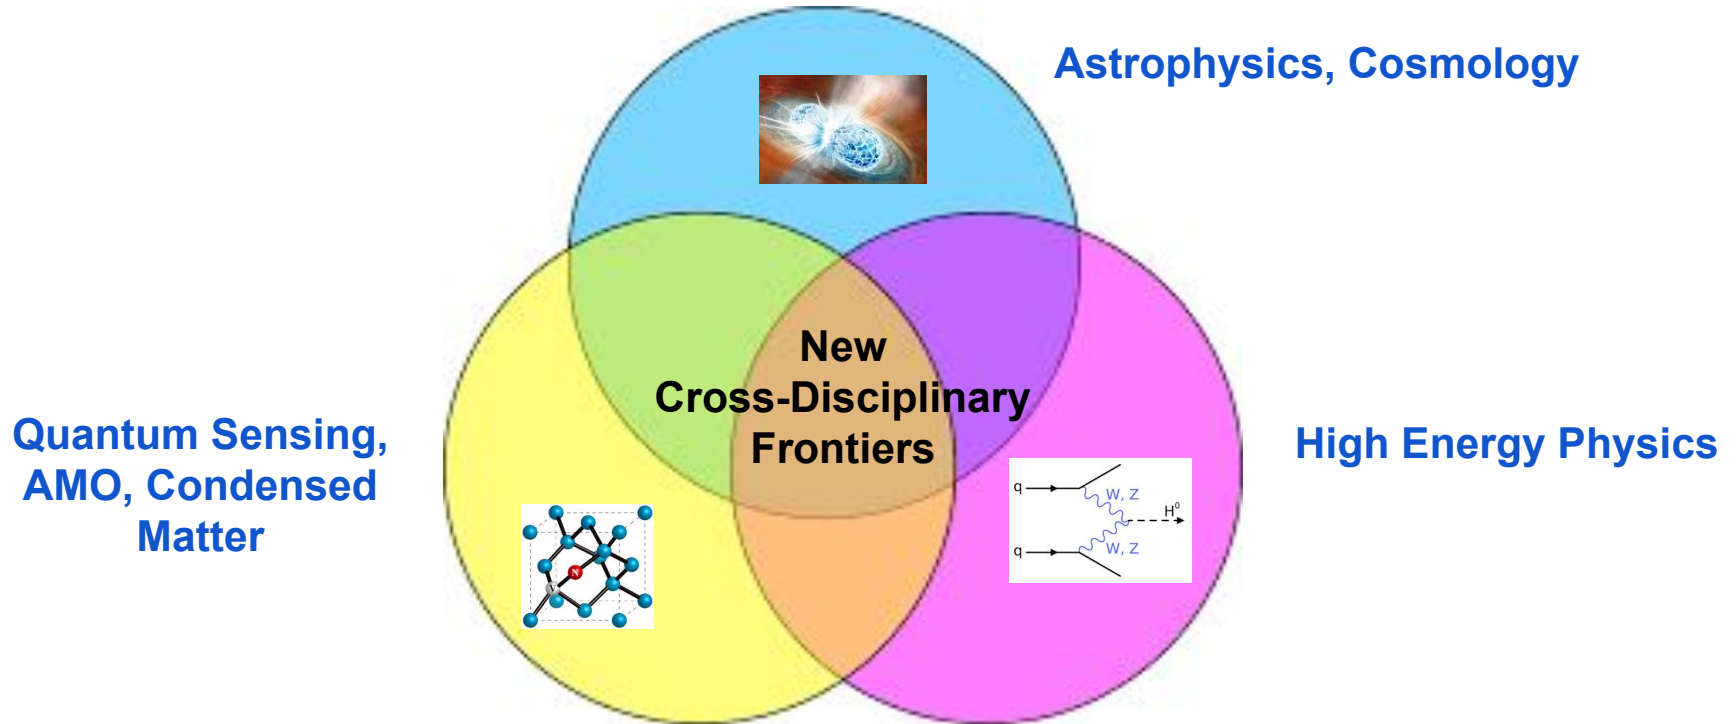

Multimessenger Astronomy Beyond the Standard Model and Quantum Sensing (Q-EYES 2025)

On behalf of organizers (QUP, KEK)
Volodymyr Takhistov (chair), Hiroki Akamatsu, Tatsumi Nitta

Thank YOU for making this an exciting event
Special thanks to administrative staff for support

Fusing Fields for New Discoveries (with New Eyes)

Many connections: new messengers, new signatures, new detectors ...

***Let's continue interesting
discussions into the future !***
