

KEK Cosmo 2025

Wednesday, 4 March 2026

Session II (13:00 - 15:00)

-Conveners: Pankaj Saha

time	[id] title	presenter
13:00	[12] Frontiers of CMB measurements and cosmological tests of Bell inequality	CHINONE, Yuji
14:00	[13] Towards the prediction of primordial- black-hole clusters	ARTIGAS, Danilo
14:20	[14] Parity-violating scalar trispectrum from helical primordial magnetic fields	KAITO, Yura
14:40	[15] Phenomenological and Gravitational Properties of a Monopole-Domain Wall System	KOMIYA, Yu
