

KEK Cosmo 2025

Thursday, 5 March 2026

Session I (09:10 - 11:10)

-Conveners: Kazuyuki Akitsu

time	[id] title	presenter
09:10	[20] Intrinsic galaxy alignment cosmology	OKUMURA, Teppei
10:10	[21] Probing Light Dark Matter with Cosmic Gravitational Focusing	TAN, Liang
10:30	[22] Constrain the Dark Matter physics through weak lensing observation	ZU, Lei
10:50	[23] Exponential Quintessence Model: Analytical Quantification of the Fine-Tuning Problem in dark energy	MAKI, Naoto
