ACAT 2025 – “Transforming the Scientific Process with AI”

Previous Edition: September 2025 (Hamburg)

ACAT Workshop Series every 18 months, since the 90's

Founded by Prof. Denis Perret-Gallix

Traditionally, **High-Energy Physics** (HEP) Community Workshop

Last Edition in Japan : ACAT2003 (KEK)

Plenary Talk's + Amazing Research Discussions + Enjoyable Time

Track 1: Computing Technology for Physics Research (Software / Computing)
Track 2: Data Analysis - Algorithms and Tools (AI / Machine Learning Technics)
Track 3: Computations in Theoretical Physics: Techniques and Methods (Simulation Aspects)

Next Edition: ACAT2027, March 2027 in Tokyo;

with an inclusive focus to HEP/ILC/EIC community and Gravitational Wave Community from Asia

The 24th International Workshop on Advanced Computing and Analysis Techniques in Physics Research (ACAT2027 Workshop)

Friday, March 5 2027 – Wednesday, March 10, 2027
