**Session Program**

**8–10 Dec 2026**

# QUPosium2026

## *Ultralight dark matter, symmetries & gravity*

Epochal Tsukuba International Congress Center, Convention Hall 200
2-20-3, Tsukuba, Ibaraki, Japan, 305-0032

# Wednesday 9 December

13:20

## Ultralight dark matter, symmetries & gravity

**Session** |
**Location:** Epochal Tsukuba International Congress Center, Convention Hall 200, 2-20-3, Tsukuba, Ibaraki, Japan, 305-0032

13:20–13:50 **TBD**

**Speaker**
Rana Adhikari

13:50–14:20 **Recent Progress in the DarQ Experiments**

**Speaker**
Tatsumi NITTA

14:20–14:50
**What is the physical mechanism of the origin of the Universe? - challenges over transcending scales through the integration of theory, observations, and experiments**

**Speaker**
Akito Kusaka

14:50
