Session Program

27–29 Nov 2026

IWSSD2026

Session #2

Friday 27 November

15:20

Session #2

Session

15:20–16:05

Superconducting Single-Photon Detection: A Journey from Materials to High-Performance Devices and Beyond

Speaker
Jin Chang

16:05–16:35

X-ray Spectroscopy of Exotic Atoms

Speaker
Daniel Unger

16:35–17:05

Low-temperature Sensors for Dark Matter and Axion Searches: From Underground to Space

Speaker
Volodymyr TAKHISTOV

17:05–17:35

Poster firetalks — presenter list to be confirmed

17:35–17:50

Group photo

17:50
