

# International workshop on non-invasive beam profile monitors for hadron machines and its related techniques: 3rd IPM workshop

Tuesday, September 18, 2018

IPM system (10:30 AM - 12:00 PM)

time	[id] title	presenter
10:30 AM	M16] Resolving profile distortion for electron-based IPMs using Machine Learning	Mr VILSMEIER, Dominik
11:00 AM	M17] Operational Experience with the COSY IPM and Plans for the HESR Site	Dr BOEHME, Christian
11:30 AM	M18] First results from the operation of an IPM based on ionisation electron detection with a Hybrid Pixel Detector (HPD)	Mr SANDBERG, Hampus
