

# KEK Theory Meeting on Particle Physics Phenomenology (KEK-PH2020)

## Thursday, February 20, 2020

Short talks 6-A: Ping Kwan Man; Kin-ya Oda; Hisashi Okui - Kobayashi Hall, Kenkyu-Honkan bldg. 1F (11:10 AM - 11:55 AM)

-Conveners: Chair: Yoshihiro Shigekami

time	[id] title	presenter
11:10AM	[49] Double field inflation from high energy theory	Mr MAN, Ping Kwan
11:25AM	[50] Gravity as local-Lorentz gauge theory: Robustness of Higgs inflation	Prof. ODA, Kin-ya
11:40AM	[51] Entropy production by GeV scale right-handed neutrinos and primordial gravitational wave	Mr OKUI, Hisashi
