

KEK Theory Meeting on Particle Physics Phenomenology (KEK-PH2020)

Thursday, February 20, 2020

Short talks 6-B: Masashi Aiko; Johannes Braathen; Masato Yamanaka - Meeting room 1, Kenkyu-Honkan bldg. 1F
(11:10 AM - 11:55 AM)

-Conveners: Chair: Po-Yen Tseng

time	[id] title	presenter
11:10AM	[58] Exploring the global symmetry structure of the Higgs potential via same-sign pair production of charged Higgs bosons	Mr AIKO, Masashi
11:25AM	[59] Two-loop corrections to the Higgs trilinear coupling in models with extended scalar sectors	Dr BRAATHEN, Johannes
11:40AM	[60] Selecting $\Upsilon \rightarrow e$ conversion targets to distinguish lepton flavour-changing operators	Dr YAMANAKA, Masato
