

ISRD2018 : International Symposium on Radiation Detectors and Their Uses

Wednesday, 24 January 2018

Isotope - Kobayashi hall (09:00 - 10:40)

time	[id] title	presenter
09:00	[17] O11: Discovery of new element	MORIMOTO, Kouji
09:40	[35] O12: Study the relationship between radon progeny and particle size using Timepix chip	JANIK, Miroslaw
10:00	[36] O13: Development of Radioisotopes Production Method by Accelerator-based Neutron: Activity at Kyushu University	KIN, Tadahiro
10:20	[37] O14: Micro Isotope Imaging by Resonant Laser - Secondary Neutral Mass Spectrometry	TOMITA, Hideki
