

# 8th International Conference on Quarks and Nuclear Physics (QNP2018)

## Wednesday, 14 November 2018

14B2 Hadron Spectroscopy (Heavy Meson) - Room 403 (13:30 - 15:20)

time	[id] title	presenter
13:30	[82] Recent results on heavy quark spectroscopy and prospects in experiments	SHEN, Chengping
14:00	[83] XYZ states at BESIII	HU, Yu
14:20	[84] Structure of the hidden-charm exotic vector mesons	TAKIZAWA, Makoto
14:40	[85] $Z_c$ states in a quiral quark model	RODRIGUEZ ENTEM, David
15:00	[88] Regge-like spectra of heavy hadrons	JIA, Duojie
