

# 8th International Conference on Quarks and Nuclear Physics (QNP2018)

## Wednesday, 14 November 2018

14C1 Hadron Interaction and Nuclear Structure - Room 404 (13:30 - 15:20)

time	[id] title	presenter
13:30	[90] Results of the KbarNN search via the (K-, n) reaction at J-PARC	YAMAGA, Takumi
14:00	[91] Theoretical analysis on the peak structure observed in the J-PARC E15 experiment	SEKIHARA, Takayasu
14:20	[92] Fully coupled-channel study of the K-pp resonance	DOE, Akinobu
14:40	[93] Studies of low-energy kaons interactions in nuclear matter by AMADEUS towards clarifying the existence of DBKNS	SKURZOK, Magdalena
15:00	[207] Probing strong interaction with SIDDHARTA-2	ZMESKAL, Johann
