

# KEK Theory Meeting on Particle Physics Phenomenology (KEK-PH2020)

## Thursday, 20 February 2020

Short talks 6-A: Ping Kwan Man; Kin-ya Oda; Hisashi Okui - Kobayashi Hall, Kenkyu-Honkan bldg. 1F (11:10 - 11:55)

-Conveners: Chair: Yoshihiro Shigekami

time	[id] title	presenter
11:10	[49] Double field inflation from high energy theory	Mr MAN, Ping Kwan
11:25	[50] Gravity as local-Lorentz gauge theory: Robustness of Higgs inflation	Prof. ODA, Kin-ya
11:40	[51] Entropy production by GeV scale right-handed neutrinos and primordial gravitational wave	Mr OKUI, Hisashi
