

J-PARC Symposium 2019

Wednesday, 25 September 2019

MLF-SP: MLF Review Session "Breakthrough with muons & neutrons" - Convention Hall 200 (13:30 - 15:20)

time	[id] title	presenter
13:30	[24] Topological magnetic excitations and magnetic anisotropy in ferromagnetic CrI ₃ (invited)	DAI, Pencheng
13:55	[25] Black is the new green - making carbon battery anodes from biowaste (invited)	DREW, Alan
14:20	[26] Insights into caloric materials: a neutron scattering study (invited)	LI, Bing
14:45	[27] Dynamics of macromolecules: state of the art and future perspectives (invited)	RICHTER, Dieter
